G-III APPAREL GROUP, LTD. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – BASIS OF PRESENTATION

As used in these financial statements, the term “Company” or “G-III” refers to G-III Apparel Group, Ltd. and its subsidiaries. The Company designs, sources, distributes and markets an extensive range of apparel, including outerwear, dresses, sportswear, suit separates, athleisure, jeans, swimwear, as well as handbags, footwear, small leather goods, cold weather accessories and luggage. The Company also operates retail stores and licenses its proprietary brands under several product categories.

The Company consolidates the accounts of its wholly-owned and majority-owned subsidiaries. The Company’s DKNY and Donna Karan business in China is operated by Fabco Holding B.V. (“Fabco”), a Dutch joint venture limited liability company that was 75% owned by the Company through April 16, 2024 and was treated as a consolidated majority-owned subsidiary. Effective April 17, 2024, the Company acquired the remaining 25% interest in Fabco that it did not previously own and, as a result, Fabco began being treated as a wholly-owned subsidiary. AWWG Investments B.V. (“AWWG”) is a Dutch corporation that was 12.1% owned by the Company from May 3, 2024 through July 18, 2024 and was accounted for using the cost method of accounting. Effective July 19, 2024, the Company acquired an additional 6.6% minority interest in AWWG, increasing its total ownership interest to 18.7% and, as a result, AWWG began being accounted for under the equity method of accounting. All material intercompany balances and transactions have been eliminated.

Karl Lagerfeld Holding B.V. (“KLH”), a Dutch limited liability company that is wholly-owned by the Company, Vilebrequin International SA (“Vilebrequin”), a Swiss corporation that is wholly-owned by the Company, Sonia Rykiel, a Swiss corporation that is wholly-owned by the Company, AWWG and certain other subsidiaries of the Company report results on a calendar year basis rather than on the January 31 fiscal year basis used by the Company. Accordingly, the results of KLH, Vilebrequin, Sonia Rykiel, AWWG and certain other subsidiaries of the Company are included in the financial statements for the quarter ended or ending closest to the Company’s fiscal quarter end. For example, with respect to the Company’s results for the nine-month period ended October 31, 2025, the results of KLH, Vilebrequin, Sonia Rykiel, AWWG and certain other subsidiaries of the Company are included for the nine-month period ended September 30, 2025. The Company’s retail operations segment reports on a 52/53 week fiscal year. For fiscal 2026 and 2025, the three and nine-month periods for the retail operations segment were each 13-week and 39-week periods, respectively, and ended on November 1, 2025 and November 2, 2024, respectively.

The results for the three and nine months ended October 31, 2025 are not necessarily indicative of the results expected for the entire fiscal year, given the seasonal nature of the Company’s business. The accompanying financial statements included herein are unaudited. All adjustments (consisting of only normal recurring adjustments) necessary for a fair presentation of the financial position, results of operations and cash flows for the interim period presented have been reflected.

The accompanying financial statements should be read in conjunction with the financial statements and notes included in the Company’s Annual Report on Form 10-K for the fiscal year ended January 31, 2025 filed with the Securities and Exchange Commission (the “SEC”).

Assets and liabilities of the Company’s foreign operations, where the functional currency is not the U.S. dollar (reporting currency), are translated from the foreign currency into U.S. dollars at period-end rates, while income and expenses are translated at the weighted-average exchange rates for the period. The related translation adjustments are reflected as a foreign currency translation adjustment in accumulated other comprehensive income (loss) within stockholders’ equity.

NOTE 2 – ALLOWANCE FOR DOUBTFUL ACCOUNTS

The Company's financial instruments consist of trade receivables arising from revenue transactions in the ordinary course of business. The Company considers its trade receivables to consist of two portfolio segments: wholesale and retail trade receivables. Wholesale trade receivables result from credit the Company has extended to its wholesale customers based on pre-defined criteria and are generally due within 60 days. Retail trade receivables primarily relate to amounts due from third-party credit card processors for the settlement of debit and credit card transactions and are typically collected within 3 to 5 days.

The Company's accounts receivable and allowance for doubtful accounts as of October 31, 2025, October 31, 2024 and January 31, 2025 were:

	October 31, 2025		
	Wholesale	Retail	Total
	(In thousands)		
Accounts receivable, gross	\$ 773,030	\$ 713	\$ 773,743
Allowance for doubtful accounts	(1,929)	(68)	(1,997)
Accounts receivable, net	<u>\$ 771,101</u>	<u>\$ 645</u>	<u>\$ 771,746</u>

	October 31, 2024		
	Wholesale	Retail	Total
	(In thousands)		
Accounts receivable, gross	\$ 879,572	\$ 1,464	\$ 881,036
Allowance for doubtful accounts	(1,217)	(138)	(1,355)
Accounts receivable, net	<u>\$ 878,355</u>	<u>\$ 1,326</u>	<u>\$ 879,681</u>

	January 31, 2025		
	Wholesale	Retail	Total
	(In thousands)		
Accounts receivable, gross	\$ 631,463	\$ 877	\$ 632,340
Allowance for doubtful accounts	(7,520)	(68)	(7,588)
Accounts receivable, net	<u>\$ 623,943</u>	<u>\$ 809</u>	<u>\$ 624,752</u>

The allowance for doubtful accounts for wholesale trade receivables is estimated based on several factors. In circumstances where the Company is aware of a specific customer's inability to meet its financial obligations (such as in the case of bankruptcy filings (including potential bankruptcy filings), extensive delay in payment or substantial downgrading by credit rating agencies), a specific reserve for bad debt is recorded against amounts due from that customer to reduce the net recognized receivable to the amount reasonably expected to be collected. For all other wholesale customers, an allowance for doubtful accounts is determined through analysis of the aging of accounts receivable at the end of the reporting period for financial statements, assessments of collectability based on historical trends and an evaluation of the impact of economic conditions. The Company considers both current and forecasted future economic conditions in determining the adequacy of its allowance for doubtful accounts.

The allowance for doubtful accounts for retail trade receivables is estimated at the credit card chargeback rate applied to the previous 90 days of credit card sales. In addition, the Company considers both current and forecasted future economic conditions in determining the adequacy of its allowance for doubtful accounts.

During the nine months ended October 31, 2025, accounts receivable balances of \$8.4 million were deemed uncollectable and written off against the allowance primarily due to the bankruptcy of certain customers within the Company's wholesale operations segment, including Hudson's Bay Company.

The Company had the following activity in its allowance for doubtful accounts:

NOTE 3 – INVENTORIES

Wholesale inventories, which comprise a significant portion of the Company’s inventory, are stated at the lower of cost (determined by the first-in, first-out method) or net realizable value. Retail and Vilebrequin inventories are stated at the lower of cost (determined by the weighted average method) or net realizable value. Substantially all of the Company’s inventories consist of finished goods.

The inventory return asset, which consists of the amount of goods that are anticipated to be returned by customers, was \$9.1 million, \$10.6 million and \$13.2 million as of October 31, 2025, October 31, 2024 and January 31, 2025, respectively. The inventory return asset is recorded within prepaid expenses and other current assets on the condensed consolidated balance sheets.

Inventory held on consignment by the Company’s customers totaled \$4.8 million, \$5.6 million and \$5.9 million at October 31, 2025, October 31, 2024 and January 31, 2025, respectively. The Company reflects this inventory on its condensed consolidated balance sheets.

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS

Generally Accepted Accounting Principles establish a three-level valuation hierarchy for disclosure of fair value measurements. The determination of the applicable level within the hierarchy for a particular asset or liability depends on the inputs used in its valuation as of the measurement date, notably the extent to which the inputs are market-based (observable) or internally-derived (unobservable). A financial instrument’s categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels are defined as follows:

- Level 1 — inputs to the valuation methodology based on quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 — inputs to the valuation methodology based on quoted prices for similar assets or liabilities in active markets for substantially the full term of the financial instrument; quoted prices for identical or similar instruments in markets that are not active for substantially the full term of the financial instrument; and model-derived valuations whose inputs or significant value drivers are observable.
- Level 3 — inputs to the valuation methodology based on unobservable prices or valuation techniques that are significant to the fair value measurement.

The following table summarizes the carrying values and the estimated fair values of the Company's debt instruments:

Financial Instrument	Level	Carrying Value			Fair Value		
		October 31, 2025	October 31, 2024	January 31, 2025	October 31, 2025	October 31, 2024	January 31, 2025
		(In thousands)					
Revolving credit facility	2	\$ —	\$ 210,055	\$ —	\$ —	\$ 210,055	\$ —
Unsecured loans	2	4,585	7,326	6,159	4,585	7,326	6,159
Overdraft facilities	2	—	4,608	—	—	4,608	—
Foreign credit facilities	2	5,975	2,186	—	5,975	2,186	—

The Company's debt instruments are recorded at their carrying values in its condensed consolidated balance sheets, which may differ from their respective fair values. The carrying amount of the Company's variable rate debt approximates the fair value, as interest rates change with market rates. Furthermore, the carrying value of all other financial instruments potentially subject to valuation risk (principally consisting of cash, accounts receivable and accounts payable) also approximates fair value due to the short-term nature of these accounts.

Non-Financial Assets and Liabilities

The Company's non-financial assets that are measured at fair value on a nonrecurring basis include long-lived assets, which consist primarily of property and equipment and operating lease assets. The Company reviews these assets for impairment whenever events or changes in circumstances indicate that their carrying value may not be fully recoverable. For assets that are not recoverable, an impairment loss is recognized equal to the difference between the carrying amount of the asset or asset group and its estimated fair value. For operating lease assets, the Company determines the fair value of the assets by discounting the estimated market rental rates over the remaining term of the lease. These fair value measurements are considered level 3 measurements in the fair value hierarchy. During fiscal 2025, the Company recorded a \$0.8 million impairment charge primarily related to leasehold improvements and furniture and fixtures at certain retail stores as a result of their performance.

NOTE 5 – LEASES

The Company leases retail stores, warehouses, distribution centers, office space and certain equipment. Leases with an initial term of 12 months or less are not recorded on the balance sheet. The Company recognizes lease expense for these leases on a straight-line basis over the lease term.

Most leases are for a term of one to ten years. Some leases include one or more options to renew, with renewal terms that can extend the lease term from one to ten years. Several of the Company's retail store leases include an option to terminate the lease based on failure to achieve a specified sales volume. The exercise of lease renewal options is generally at the Company's sole discretion. The exercise of lease termination options is generally by mutual agreement between the Company and the lessor.

Certain of the Company's lease agreements include contingent rental payments based on a percentage of retail sales over contractual levels and others include rental payments adjusted periodically for inflation. Contingent rent is accrued each period as the liabilities are incurred. The Company's leases do not contain any material residual value guarantees or material restrictive covenants.

[Table of Contents](#)

The Company's operating lease assets and liabilities as of October 31, 2025, October 31, 2024 and January 31, 2025 consist of the following:

<u>Leases</u>	<u>Classification</u>	<u>October 31, 2025</u>	<u>October 31, 2024</u>	<u>January 31, 2025</u>

The Company recorded lease costs of \$18.3 million and \$54.3 million during the three and nine months ended October 31, 2025. The Company recorded lease costs of \$19.0 million and \$55.2 million during the three and nine months ended October 31, 2024. Lease costs are recorded within selling, general and administrative expenses in the Company's condensed consolidated statements of income and comprehensive income. The Company recorded variable lease costs and short-term lease costs of \$4.5 million and \$12.4 million for the three and nine months ended October 31, 2025. The Company recorded variable lease costs and short-term lease costs of \$5.0 million and \$16.1 million for the three and nine months ended October 31, 2024. Short-term lease costs are immaterial.

As of October 31, 2025, the Company's maturity of operating lease liabilities in the years ending up to January 31, 2030 and thereafter are as follows:

<u>Year Ending January 31,</u>	<u>Amount</u>
	<u>(In thousands)</u>
2026	\$ 17,296

As of October 31, 2025, there are no material leases that are legally binding but have not yet commenced.

As of October 31, 2025, the weighted average remaining lease term related to operating leases is 6.4 years. The weighted average discount rate related to operating leases is 6.3%.

Cash paid for amounts included in the measurement of operating lease liabilities was \$57.3 million and \$58.9 million during the nine months ended October 31, 2025 and 2024, respectively. Right-of-use assets obtained in exchange for lease obligations were \$35.4 million and \$108.7 million during the nine months ended October 31, 2025 and 2024, respectively.

NOTE 6 – NET INCOME PER COMMON SHARE

Basic net income per common share has been computed using the weighted average number of common shares outstanding during each period. Diluted net income per share, when applicable, is computed using the weighted average number of common shares and potential dilutive common shares, consisting of unvested restricted stock unit awards outstanding during the period. There were no shares of common stock excluded from the diluted net income per share calculation for the three months ended October 31, 2025. Approximately 5,500 shares of common stock have been excluded from the diluted net income per share calculation for the nine months ended October 31, 2025. There were no shares of common stock excluded from the diluted net income per share calculation for the three and nine months ended October 31, 2024.

All share-based payments outstanding that vest based on the achievement of performance conditions, and for which the respective performance conditions have not been achieved, have been excluded from the diluted per share calculation.

The following table reconciles the numerators and denominators used in the calculation of basic and diluted net income per share:

Senior Secured Notes

The Company had previously completed a private debt offering of \$400.0 million aggregate principal amount of the Senior Secured Notes due August 2025 (the “Notes”).

In August 2024, the Company used cash on hand and borrowings from its revolving credit facility to make a \$400.7 million payment to voluntarily redeem the entire \$400.0 million principal amount of the Notes at a redemption price equal to 100% of the principal amount of the Notes plus accrued and unpaid interest. At the date of redemption, the Company had unamortized debt issuance costs of \$1.6 million associated with the Notes. These debt issuance costs were fully extinguished and charged to interest expense in the Company’s results of operations.

Third Amended and Restated ABL Credit Agreement

On June 4, 2024, the Company’s subsidiaries, G-III Leather Fashions, Inc., Riviera Sun, Inc., AM Retail Group, Inc. and The Donna Karan Company Store LLC (collectively, the “Borrowers”), entered into the third amended and restated credit agreement (the “Third ABL Credit Agreement”) with the lenders named therein and with JPMorgan Chase Bank, N.A., as administrative agent. The Third ABL Credit Agreement is a five-year senior secured asset-based revolving credit facility providing for borrowings in an aggregate principal amount of up to \$700.0 million. The Company and certain of its wholly-owned domestic subsidiaries, as well as G-III Apparel Canada ULC (collectively, the “Guarantors”), are guarantors under the Third ABL Credit Agreement.

The Third ABL Credit Agreement amends and restates the Second Amended Credit Agreement, dated as of August 7, 2020 (as amended, supplemented or otherwise modified from time to time prior to June 4, 2024, the “Second Credit Agreement”), by and among the Borrowers and the Guarantors, the lenders from time-to-time party thereto, and JPMorgan Chase Bank, N.A., in its capacity as the administrative agent thereunder. The Second Credit Agreement provided for borrowings of up to \$650.0 million and was due to expire on August 7, 2025. The Third ABL Credit Agreement extends the maturity date to June 2029, subject to a springing maturity date as defined within the credit agreement.

Amounts available under the Third ABL Credit Agreement are subject to borrowing base formulas and overadvances as specified in the Third ABL Credit Agreement. Borrowings bear interest, at the Borrowers’ option, at Adjusted Term Secured Overnight Financing Rate (“SOFR”) plus a margin of 1.50% to 2.00%, or the alternate base rate plus a margin of 0.50% to 1.00% (defined as the greatest of (i) the “prime rate” of JPMorgan Chase Bank, N.A. from time to time, (ii) the federal funds rate plus 0.5% and (iii) SOFR for a borrowing with an interest period of one month plus 1.00%), with the applicable margin determined based on the Borrowers’ average daily availability under the Third ABL Credit Agreement. As of October 31, 2025, interest under the Third ABL Credit Agreement was being paid at an average rate of 7.98% per annum.

The Third ABL Credit Agreement is secured by specified assets of the Borrowers and the Guarantors. In addition to paying interest on any outstanding borrowings under the Third ABL Credit Agreement, the Company is required to pay a commitment fee to the lenders under the credit agreement with respect to the unutilized commitments. The commitment fee accrues at a tiered rate equal to 0.375% per annum on the average daily amount of the available commitments when the average usage is less than 50% of the total available commitments and decreases to 0.25% per annum on the average daily amount of the available commitments when the average usage is greater than or equal to 50% of the total available commitments.

The Third ABL Credit Agreement contains covenants that, among other things, restrict the Company’s ability to, subject to specified exceptions, incur additional debt; incur liens; sell or dispose of certain assets; merge with other companies; liquidate or dissolve the Company; acquire other companies; make loans, advances, or guarantees; and make certain investments. In certain circumstances, the revolving credit facility also requires the Company to maintain a fixed charge coverage ratio, as defined in the agreement, not less than 1.00 to 1.00 for each period of twelve consecutive fiscal months of the Company. As of October 31, 2025, the Company was in compliance with these covenants.

As of October 31, 2025, the Company had no borrowings outstanding under the Third ABL Credit Agreement. The Third ABL Credit Agreement also includes amounts available for letters of credit. As of October 31, 2025, there were no outstanding trade letters of credit and \$2.4 million of standby letters of credit.

The Company has a total of \$5.6 million debt issuance costs related to its Third ABL Credit Agreement. As permitted under Accounting Standards Codification (“ASC”) 835, the debt issuance costs have been deferred and are presented as an asset which is amortized ratably over the term of the Third ABL Credit Agreement. Total debt issuance costs, net of amortization, were \$4.5 million, \$5.2 million and \$5.4 million as of October 31, 2025, October 31, 2024 and January 31, 2025.

Unsecured Loans

Several of the Company’s foreign entities borrow funds under various unsecured loans to provide funding for operations in the normal course of business. In the aggregate, the Company is currently required to make quarterly installment payments of principal in the amount of €0.8 million under these loans. Interest on the outstanding principal amount of the loans accrues at a fixed rate equal to 0% to 5.0% per annum, payable on either a quarterly or monthly basis. As of October 31, 2025, the Company had an aggregate outstanding balance of €3.9 million (\$4.6 million) under these unsecured loans.

Overdraft Facilities

Certain of the Company’s foreign entities entered into overdraft facilities that allow for applicable bank accounts to be in a negative position up to a certain maximum overdraft. These uncommitted overdraft facilities with HSBC Bank allow for an aggregate maximum overdraft of €10 million. Interest on drawn balances accrues at a rate equal to the Euro Interbank Offered Rate (“EURIBOR”) plus a margin of 1.75% per annum, payable quarterly. The facility may be cancelled at any

time by the Company or HSBC Bank. Additionally, certain of the Company's foreign entities entered into overdraft facilities with UBS Bank in Switzerland for an aggregate of CHF 4.7 million at varying interest rates of 0% to 0.5%. As of October 31, 2025, the Company had no borrowings outstanding under these various facilities.

Foreign Credit Facilities

KLH has a credit agreement with ABN AMRO Bank N.V. with a credit limit of €15.0 million which is secured by specified assets of KLH. Borrowings bear interest at the EURIBOR plus a margin of 1.7%. A subsidiary of Vilebrequin has a credit agreement with CIC Bank with a credit limit of €5.0 million. Borrowings bear interest at the Euro Short-Term Rate plus a margin of 1.75%. As of October 31, 2025, the Company had an aggregate of €5.1 million (\$6.0 million) drawn under these credit facilities.

NOTE 8 – SUPPLY CHAIN FINANCE PROGRAM

The Company has a voluntary supply chain finance program (the "SCF Program") administered through a third-party platform. The Company's payment obligations confirmed under the SCF Program are due to a financial intermediary that will remit payment to the Company's suppliers. The SCF Program also provides participating suppliers with the option to sell their receivables due from the Company, at their sole discretion, to a third-party financial institution at terms negotiated between the supplier and the financial institution. The Company is not a party to the agreements between the suppliers and the financial institution. The Company's payment obligations to its suppliers, including the amounts due and payment terms, which generally do not exceed 75 days, are not impacted by a suppliers' participation in the SCF Program. There are no assets pledged as security or other forms of guarantees provided specifically under the SCF Program, however the obligations under the SCF Program benefit from guarantees and collateral provided under our revolving credit facility to which the financial institutions involved in the SCF Program are a party.

The Company's outstanding payment obligations under its SCF Program are recorded within accounts payable in the Company's condensed consolidated balance sheets and the corresponding payments are reflected in cash flows from operating activities within the Company's condensed consolidated statements of cash flows. As of October 31, 2025, the Company had \$131.2 million of payment obligations outstanding under the SCF Program. During the three and nine months ended October 31, 2025, the Company settled obligations of \$307.2 million and \$438.8 million through the SCF Program, respectively.

The following supply chain finance program activity is presented for the nine-month period indicated below:

NOTE 9 – REVENUE RECOGNITION

Disaggregation of Revenue

In accordance with ASC 606 – *Revenue from Contracts with Customers*, the Company discloses its revenues by segment. Each segment presents its own characteristics with respect to the timing of revenue recognition and the type of customer. In addition, disaggregating revenues using a segment basis is consistent with how the Company's Chief Operating Decision Maker manages the Company. The Company has identified the wholesale operations segment and the retail operations segment as distinct sources of revenue.

Wholesale Operations Segment. Wholesale revenues include sales of products to retailers under owned, licensed and private label brands, as well as sales related to the Karl Lagerfeld and Vilebrequin businesses, including from retail stores operated by Karl Lagerfeld and Vilebrequin, other than sales of product under the Karl Lagerfeld Paris brand generated by the Company's retail stores and digital platforms. Wholesale revenues from sales of products are recognized when

control transfers to the customer. The Company considers control to have been transferred when the Company has transferred physical possession of the product, the Company has a right to payment for the product, the customer has legal title to the product and the customer has the significant risks and rewards of the product. Wholesale revenues are adjusted by variable consideration arising from implicit or explicit obligations. Wholesale revenues also include revenues from license agreements related to trademarks associated with the Company's owned brands. As of October 31, 2025, revenues from license agreements related to trademarks associated with the Company's owned brands represented an insignificant portion of wholesale revenues.

Retail Operations Segment. Retail store revenues are generated by direct sales to consumers through company-operated stores and product sales through the Company's digital channels for the DKNY, Donna Karan, Karl Lagerfeld Paris, G.H. Bass and Wilsons Leather businesses. Retail stores primarily consist of DKNY and Karl Lagerfeld Paris retail stores, substantially all of which are operated as outlet stores in North America. Retail operations segment revenues are recognized at the point of sale when the customer takes possession of the goods and tenders payment. Digital revenues primarily consist of sales to consumers through the Company's digital platforms. Digital revenue is recognized when a customer takes possession of the goods. Retail sales are recorded net of applicable sales tax.

Contract Liabilities

The Company's contract liabilities, which are recorded within accrued expenses in the accompanying condensed consolidated balance sheets, primarily consist of gift card liabilities and advance payments from licensees. Total contract liabilities were \$4.6 million, \$4.6 million and \$5.9 million at October 31, 2025, October 31, 2024 and January 31, 2025, respectively. The Company recognized \$3.7 million in revenue for the three months ended October 31, 2025 related to contract liabilities that existed at July 31, 2025. The Company recognized \$4.6 million in revenue for the nine months ended October 31, 2025 related to contract liabilities that existed at January 31, 2025. There were no contract assets recorded as of October 31, 2025, October 31, 2024 and January 31, 2025. Substantially all of the advance payments from licensees as of October 31, 2025 are expected to be recognized as revenue within the next twelve months.

NOTE 10 – SEGMENTS

The Company's reportable segments are business units that offer products through different channels of distribution. The Company has two reportable segments: wholesale operations and retail operations. The wholesale operations segment includes sales of products to retailers under owned, licensed and private label brands, as well as sales related to the Karl Lagerfeld and Vilebrequin businesses, including from retail stores operated by Karl Lagerfeld and Vilebrequin, other than sales of product under the Karl Lagerfeld Paris brand generated by the Company's retail stores and digital platforms. Wholesale revenues also include revenues from license agreements related to trademarks associated with the Company's owned brands. The retail operations segment consists primarily of direct sales to consumers through company-operated stores, which consists primarily of DKNY and Karl Lagerfeld Paris stores, as well as the digital channels for DKNY, Donna Karan, Karl Lagerfeld Paris, G.H. Bass and Wilsons Leather. Substantially all DKNY and Karl Lagerfeld Paris stores are operated as outlet stores in North America.

The Company determines its operating segments based on how the chief operating decision maker ("CODM") views and analyzes each segment's operations and performance. The Company's CODM is its Chief Executive Officer. The CODM utilizes operating profit or loss as the measure of segment profit or loss. The CODM uses operating profit or loss to determine resource allocation and operational decisions for matters including, but not limited to, compensation, advertising and facilities needs.

All historical financial segment information has been recast to conform to the new disclosure requirements under Accounting Standard Update ("ASU") 2023-07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures."

Capital expenditures during the nine months ended October 31, 2025 for the wholesale operations segment and retail operations segment were \$26.1 million and \$1.4 million, respectively.

NOTE 11 – STOCKHOLDERS' EQUITY

For the three months ended October 31, 2025, the Company issued no shares of common stock and utilized 183,665 shares of treasury stock in connection with the vesting of equity awards. For the three months ended October 31, 2024, the Company issued no shares of common stock and utilized no shares of treasury stock in connection with the vesting of equity awards. For the nine months ended October 31, 2025, the Company issued no shares of common stock and utilized 460,856 shares of treasury stock in connection with the vesting of equity awards. For the nine months ended October 31, 2024, the Company issued no shares of common stock and utilized 366,714 shares of treasury stock in connection with the vesting of equity awards.

NOTE 12 – LITIGATION WITH PVH CORP.

On June 13, 2025, the Company filed a complaint against PVH Corp. and two of its subsidiaries (“Defendants”) in the New York County Commercial Division of the Supreme Court of the State of New York for breach of contract, breach of the implied covenant of good faith and fair dealing, and tortious interference with contract arising out of the unreasonable denial of the Company’s request to extend the Calvin Klein and Tommy Hilfiger licenses for the women’s suits category for an additional three-year period and other actions taken by Defendants that undermined the Company’s ability to perform under Calvin Klein and Tommy Hilfiger license agreements and subjected the Company to contractual penalties. On July 30, 2025, Calvin Klein, Inc. and Tommy Hilfiger Licensing LLC filed their own complaint against G-III in the same court alleging breaches of the license agreements between the parties. The Company believes that Calvin Klein, Inc. and Tommy Hilfiger Licensing LLC’s complaint is without merit, and the Company intends to vigorously defend against these actions. Due to the uncertainty inherent in any litigation, the Company is unable to estimate any reasonably possible loss, or range of loss, with respect to this matter.

NOTE 13 – RECENT ADOPTED AND ISSUED ACCOUNTING PRONOUNCEMENTS

Recently Adopted Accounting Guidance

There was no accounting guidance adopted during the three months ended October 31, 2025.

Issued Accounting Guidance Being Evaluated for Adoption

In December 2023, the Financial Accounting Standards Board (“FASB”) issued ASU 2023-09, “Income Taxes (Topic 740): Improvements to Income Tax Disclosures”. The ASU requires public companies to disclose, on an annual basis, a tabular reconciliation of the effective tax rate to the statutory rate for federal, state and foreign income taxes. It also requires greater detail about individual reconciling items in the rate reconciliation to the extent the impact of those items exceeds a specified threshold. In addition, the ASU requires public companies to disclose their income tax payments (net of refunds received), disaggregated between federal, state/local and foreign jurisdictions. ASU 2023-09 is effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company expects to adopt this standard in its Annual Report on Form 10-K for fiscal 2026 and is currently evaluating the standard and determining the extent of additional disclosures that may be required.

In November 2024, the FASB issued ASU 2024-03, “Income Statement – Reporting Comprehensive Income – Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses”. The ASU requires public entities to disclose more detailed information about certain costs and expenses presented in the income statement, including inventory purchases, employee compensation, selling expenses, depreciation and intangible asset amortization. ASU 2024-03 is effective for fiscal years beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027, with early adoption permitted. The amendments in this ASU should be applied prospectively; however, retrospective application is permitted. The Company is currently evaluating the impact of ASU 2024-03 on its consolidated financial statements and related disclosures.

NOTE 14 – SUBSEQUENT EVENTS

On December 4, 2025, the Company's Board of Directors declared a cash dividend of \$0.10 per share. The dividend will be paid on December 29, 2025 to all stockholders of record as of December 15, 2025.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

Unless the context otherwise requires, “G-III,” “us,” “we” and “our” refer to G-III Apparel Group, Ltd. and its subsidiaries. References to fiscal years refer to the year ended or ending on January 31 of that year. For example, our fiscal year ending January 31, 2026 is referred to as “fiscal 2026.”

Each of Vilebrequin, KLH, Sonia Rykiel, AWWG and certain other subsidiaries report results on a calendar year basis rather than on the January 31 fiscal year basis used by G-III. Accordingly, the results of Vilebrequin, KLH, Sonia Rykiel, AWWG and certain other subsidiaries are included in the financial statements for the quarter ended or ending closest to G-III’s fiscal quarter end. For example, with respect to our results for the nine-month period ended October 31, 2025, the results of Vilebrequin, KLH, Sonia Rykiel, AWWG and certain other subsidiaries are included for the nine-month period ended September 30, 2025. Our retail operations segment reports on a 52/53 week fiscal year. For fiscal 2026 and 2025, the three and nine-month periods for the retail operations segment were each 13-week and 39-week periods, respectively, and ended on November 1, 2025 and November 2, 2024, respectively.

Various statements contained in this Quarterly Report on Form 10-Q, in future filings by us with the SEC in our press releases and in oral statements made from time to time by us or on our behalf constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are based on current expectations and are indicated by words or phrases such as “anticipate,” “estimate,” “expect,” “will,” “project,” “believe,” “envision,” “forecast” and similar words or phrases and involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from the expected results, performance or achievements expressed in or implied by such forward-looking statements. Forward-looking statements also include representations of our expectations or beliefs concerning future events that involve risks and uncertainties, including, but not limited to, the following:

- the failure to maintain our material license agreements could cause us to lose significant revenues and have a material adverse effect on our results of operations;
- unless we are able to increase the sales of our other products, acquire new businesses and/or enter into other license agreements covering different products, the limited extension period of the amended Calvin Klein and Tommy Hilfiger license agreements could cause a significant decrease in our net sales and have a material adverse effect on our results of operations;
- any adverse change in our relationship with PVH Corp. and its Calvin Klein or Tommy Hilfiger brands could have a material adverse effect on our results of operations;
- our dependence on the strategies and reputation of our licensors;
- risks associated with our wholesale operations including risks relating to the image of our proprietary brands and business practices of our customers;
- our use of social media and our collaborations with influencers;
- our significant customer concentration, and the risk that the loss of one of our largest customers could adversely affect our business;
- risks relating to our retail operations segment;
- our ability to achieve operating enhancements and cost reductions from our retail operations;
- dependence on existing management;
- our ability to make strategic acquisitions and investments and possible disruptions from acquisitions, including our ownership of the entire Karl Lagerfeld business, and the risks associated with our ability to maintain an effective internal control environment;
- the need for additional financing;
- seasonal nature of our business and effect of unseasonable or extreme weather on our business;
- possible adverse effects from disruptions to the worldwide supply chain;
- price, availability and quality of materials used in our products;
- the need to protect our trademarks and other intellectual property;
- risk that our partners may not generate expected sales or maintain the value of our brands;
- the impact of the current economic and credit environment on us, our customers, suppliers and vendors, including without limitation, the effects of inflationary cost pressures and higher interest rates;

- effects of war, acts of terrorism, natural disasters or public health crises could adversely affect our business and results of operations, including the conflicts in Ukraine and the Middle East;
- our dependence on foreign manufacturers;
- risks of expansion into foreign markets, conducting business internationally and exposures to foreign currencies;
- risks related to the implementation of the national security law in Hong Kong;
- the need to successfully upgrade, maintain and secure our information systems;
- increased exposure to consumer privacy, cybersecurity and fraud concerns;
- possible adverse effects of data security or privacy breaches;
- the impact on our business of the imposition of tariffs by the United States government and the escalation of trade tensions between countries;
- changes in tax legislation or exposure to additional tax liabilities that could impact our business;
- the effect of regulations applicable to us as a U.S. public company;
- focus on corporate responsibility issues by stakeholders;
- potential effect on the price of our stock if actual results are worse than financial forecasts or if we are unable to provide financial forecasts;
- fluctuations in the price of our common stock;
- impairment of our trademarks or other intangibles may require us to record charges against earnings; and
- risks related to our indebtedness.

Any forward-looking statements are based largely on our expectations and judgments and are subject to a number of risks and uncertainties, many of which are unforeseeable and beyond our control. A detailed discussion of significant risk factors that have the potential to cause our actual results to differ materially from our expectations is described under the heading “Risk Factors” in our Annual Report on Form 10-K for the year ended January 31, 2025. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

Overview

G-III is a global leader in fashion with expertise in design, sourcing, distribution and marketing, which enables us to fuel growth across a portfolio of over 30 globally recognized owned and licensed brands, anchored by our key owned brands: DKNY, Donna Karan, Karl Lagerfeld and Vilebrequin as well as other major brands that currently drive our business. We develop product across a diverse range of lifestyle categories which include: outerwear, dresses, sportswear, suit separates, athleisure, jeans, swimwear, as well as handbags, footwear, small leather goods, cold weather accessories and luggage. Our brands are positioned to sell at various price points with global distribution across a diverse mix of channels and geographies to reach a broad range of consumers. We also license the use of our trademarks to third parties for product categories and in regions where we believe our licensees’ expertise can better serve our brands.

Our owned brands include DKNY, Donna Karan, Karl Lagerfeld, Karl Lagerfeld Paris, Vilebrequin, G.H. Bass, Eliza J, Jessica Howard, Andrew Marc, Marc New York, Wilsons Leather and Sonia Rykiel. We have an extensive portfolio of well-known licensed brands, including Calvin Klein, Tommy Hilfiger, Nautica, Halston, Levi’s, Kenneth Cole, Cole Haan, Vince Camuto, Dockers, Champion, Converse and BCBG. Through our licensed team sports business, we have partnerships with the National Football League, National Basketball Association, Major League Baseball, National Hockey League and over 150 U.S. colleges and universities. We also source and sell products to major retailers for their own private label programs.

Our products are sold through a cross section of leading retailers such as Macy’s, Bloomingdale’s, Dillard’s, Saks Fifth Avenue, Nordstrom, El Cortes Ingles, Kohl’s, Saks OFF 5TH, TJ Maxx, Marshall’s, Ross Stores, Burlington and Costco. We also sell our products using digital channels through retail partners such as macys.com, bloomingdales.com, nordstrom.com and dillards.com, each of which operates significant digital businesses. In addition, we sell to leading online retail partners such as Amazon, Fanatics, Zalando and Zappos.

We also distribute apparel and other products directly to consumers through our own DKNY, Karl Lagerfeld, Karl Lagerfeld Paris and Vilebrequin retail stores, as well as through our digital sites for our DKNY, Donna Karan, Karl Lagerfeld, Karl Lagerfeld Paris, Vilebrequin, G.H. Bass, Wilsons Leather and Sonia Rykiel brands.

We operate in fashion markets that are intensely competitive. Our ability to continuously evaluate and respond to changing consumer demands and tastes, across multiple market segments, distribution channels and geographic areas is critical to our success. Although our portfolio of brands is aimed at diversifying our risks in this regard, misjudging shifts in consumer preferences could have a negative effect on our business. Our continued success depends on our ability to design products that are accepted in the marketplace, source the manufacture of our products on a competitive basis and continue to diversify our product portfolio and the markets we serve.

We believe that consumers prefer to buy brands they know, and we have continually sought to increase the portfolio of name brands we can offer through different tiers of retail distribution, for a wide array of products at a variety of price points. We have increased the portfolio of brands we offer through licenses, acquisitions and joint ventures. It is our objective to continue to expand our product offerings and we are continually discussing new licensing opportunities with brand owners and seeking to acquire established brands.

Segments

We report based on two segments: wholesale operations and retail operations.

Our wholesale operations segment includes sales of products to retailers under owned, licensed and private label brands, as well as sales related to the Karl Lagerfeld and Vilebrequin businesses, including from retail stores operated by Karl Lagerfeld and Vilebrequin, other than sales of product under the Karl Lagerfeld Paris brand generated by our retail stores and digital sites. Wholesale revenues also include royalty revenues from license agreements related to our owned trademarks including DKNY, Donna Karan, Karl Lagerfeld, G.H. Bass, Andrew Marc, Vilebrequin and Sonia Rykiel in product categories we do not produce ourselves.

Our retail operations segment consists primarily of direct sales to consumers through our company-operated stores and product sales through our digital sites for the DKNY, Donna Karan, Karl Lagerfeld Paris, G.H. Bass and Wilsons Leather brands. As of October 31, 2025, our retail operations segment consisted of 47 company-operated stores for our DKNY and Karl Lagerfeld Paris brands, substantially all of which are operated as outlet stores in North America.

Trends Affecting Our Business

Tariffs

Beginning in April 2025, the United States announced additional tariffs on goods imported into the United States, with incremental tariffs on products imported from most countries, including China, Vietnam and Indonesia, and the potential for further increases and revisions or terminations to existing trade agreements. In response, some countries have announced or are otherwise considering retaliatory tariffs on United States exports and other trade restrictions. These actions have led to significant volatility and uncertainty in global markets. During fiscal 2025, approximately 76% of our product was sourced from China, Vietnam and Indonesia.

Additional tariffs imposed on imports are causing importers to shift production, if possible, to lower tariff territories, impacting the importers' ability to plan as well as the capacity of our ocean carriers. The recent changes to tariffs are increasing costs for importers, impacting demand and affecting ocean container shipping due to limited alternatives for moving goods.

We continue to monitor these changing tariffs and trade restrictions. We are taking steps to mitigate the impact of new and increased tariffs by working with our long standing vendors to participate in the increased costs, increasing prices where possible and continuing to look for alternative sourcing options.

Industry Trends

Significant trends that affect the apparel industry include retail chains closing unprofitable stores, an increased focus by retail chains and others on expanding digital sales and providing convenience-driven fulfillment options, the continued consolidation of retail chains and the desire on the part of retailers to consolidate vendors supplying them.

We distribute our products through multiple channels, including online through retail partners such as macys.com, bloomingdales.com, nordstrom.com and dillards.com, each of which operates a significant online business. In addition, we sell to leading online retail partners such as Amazon, Fanatics, Zalando and Zappos. We also distribute apparel and other products directly to consumers through our own DKNY, Karl Lagerfeld and Vilebrequin retail stores, as well as through our digital sites for our DKNY, Donna Karan, Karl Lagerfeld, Karl Lagerfeld Paris, Vilebrequin, G.H. Bass, Wilsons Leather and Sonia Rykiel brands. As sales of apparel through digital channels continue to increase, we are developing additional digital marketing initiatives on both our own websites and third party websites and through social media. We continue to invest in digital personnel, marketing, logistics, planning, distribution and other strategic opportunities to expand our digital footprint.

A number of retailers have experienced financial difficulties, which in some cases have resulted in bankruptcies, liquidations and/or store closings, such as the recent bankruptcy filing by Hudson's Bay Company. The financial difficulties of a retail customer of ours could result in reduced business with that customer. We may also assume higher credit risk relating to receivables of a retail customer experiencing financial difficulty that could result in higher reserves for doubtful accounts or increased write-offs of accounts receivable. We attempt to mitigate credit risk from our customers by closely monitoring accounts receivable balances and shipping levels, as well as the ongoing financial performance and credit standing of customers. We may also obtain credit insurance in certain circumstances to further mitigate credit risk.

Retailers are seeking to differentiate their offerings by devoting more resources to the development of exclusive products, whether by focusing on their own private label products or on products produced exclusively for a retailer by a national brand manufacturer. Exclusive brands are only made available to a specific retailer. As a result, customers loyal to their brands can only find them in the stores of that retailer.

We have attempted to respond to general trends in our industry by continuing to focus on selling products with recognized brand equity, by attention to design, quality and value and by improving our sourcing capabilities. We have also responded with the strategic acquisitions made by us, such as our purchase of the interests not previously owned by us that resulted in Karl Lagerfeld becoming our wholly-owned subsidiary, new license agreements entered into by us, such as our recent license agreements for the Nautica, Halston, Champion, Converse and BCBG brands and investments to accelerate our strategic priorities, such as our investment in AWWG. Our actions added to our portfolio of licensed and proprietary brands and helped diversify our business by adding new product lines and expanding distribution channels. We believe that our broad distribution capabilities help us to respond to the various shifts by consumers between distribution channels and that our operational capabilities will enable us to continue to be a vendor of choice for our retail partners.

Calvin Klein and Tommy Hilfiger Licenses

The sale of licensed products is an important part of our business. Net sales of products under the Calvin Klein and Tommy Hilfiger brands constituted approximately 34.0% of our net sales in fiscal 2025 and approximately 41.0% of our net sales in fiscal 2024.

Our licenses for Calvin Klein and Tommy Hilfiger products began expiring on a staggered basis on December 31, 2024 and continue through December 31, 2027. Unless we are able to increase the sales of our other products, acquire new businesses and/or enter into other license agreements covering different products, the staggered expirations of the Calvin Klein and Tommy Hilfiger license agreements will cause a significant decrease in our net sales and have a material adverse effect on our results of operations.

In fiscal 2025, we experienced a \$188.4 million decrease in net sales of Calvin Klein and Tommy Hilfiger licensed products which were more than offset by a \$254.4 million increase in net sales of our DKNY, Karl Lagerfeld and Donna Karan products, the latter of which we relaunched in Spring 2024. In fiscal 2024, we experienced a \$278.4 million decrease in net sales of Calvin Klein and Tommy Hilfiger licensed products which were partially offset by a \$139.1 million increase in net sales of our DKNY and Karl Lagerfeld products. While our recent ability to offset decreases in net sales of Calvin Klein and Tommy Hilfiger licensed products either in full or in part does not guarantee our ability to continue to do so in the future, we believe we will achieve strong growth of our owned brands, which we also recognize higher gross profit percentages on. We continue to take strategic actions to mitigate the loss of this business by continuing to develop and expand our owned brands, such as DKNY, Donna Karan and Karl Lagerfeld, through new product lines, marketing initiatives, international growth and executing on digital channel business opportunities. We also seek to expand sales in

our go-forward portfolio of licensed brands, including our team sports business, as well as through our recent licenses for the Nautica, Halston and Champion brands that launched in fiscal 2025 and the Converse and BCBG brands that launched in fiscal 2026.

The Calvin Klein and Tommy Hilfiger licenses that expired in fiscal 2025 or have expiration dates in our fiscal 2026 through fiscal 2028 years contributed the following net sales to our total net sales in fiscal 2025:

	Portion of Total G-III Fiscal 2025 Net Sales	
	\$	%
(in thousands, except for percentages)		
Calvin Klein and Tommy Hilfiger license expirations by date:		
December 31, 2024	\$ 174,279	5 %
December 31, 2025	467,834	15 %
December 31, 2026	413,202	13 %
December 31, 2027	26,034	1 %

Litigation with PVH Corp.

On June 13, 2025, we filed a complaint against PVH Corp. and two of its subsidiaries (“Defendants”) in the New York County Commercial Division of the Supreme Court of the State of New York for breach of contract, breach of the implied covenant of good faith and fair dealing, and tortious interference with contract arising out of the unreasonable denial of our request to extend the Calvin Klein and Tommy Hilfiger licenses for the women’s suits category for an additional three-year period and other actions taken by Defendants that undermined our ability to perform under Calvin Klein and Tommy Hilfiger license agreements and subjected us to contractual penalties. On July 30, 2025, Calvin Klein, Inc. and Tommy Hilfiger Licensing LLC filed their own complaint against G-III in the same court alleging breaches of the license agreements between the parties. We believe that Calvin Klein, Inc. and Tommy Hilfiger Licensing LLC’s complaint is without merit, and we intend to vigorously defend the Company. Due to the uncertainty inherent in any litigation, we are unable to estimate any reasonably possible loss, or range of loss, with respect to this matter.

Political Environment

The potential long-term impact of new policies that may be implemented as a result of the current administration is currently uncertain. Any resulting changes in international trade relations, legislation and regulations (including those related to taxation and importation), economic and monetary policies, heightened diplomatic tensions or political and civil unrest, among other potential impacts, could adversely impact the global economy and our operating results.

Foreign Currency Fluctuation

Our consolidated operations are impacted by the relationships between our reporting currency, the U.S. dollar, and those of our non-United States subsidiaries whose functional/local currency is other than the U.S. dollar, primarily the Euro. Volatility in the global foreign currency exchange rates may have a positive or negative impact on the reported results of certain of our non-United States subsidiaries in the future, when translated to the U.S. dollar.

Tax Laws and Regulations

On July 4, 2025, the One Big Beautiful Bill Act (“OBBBA”) was enacted in the United States. The legislation has multiple effective dates, with certain provisions becoming effective in 2025 and others implemented through 2029. The OBBBA makes key elements of the Tax Cuts and Jobs Act permanent, including 100% bonus depreciation, and makes modifications to the international tax framework. We recognized the impact of the OBBBA in our second fiscal quarter ended July 31, 2025, the period in which the legislation was enacted. The impact of the OBBBA was immaterial to our provision for income taxes for the three and nine months ended October 31, 2025 and our condensed consolidated balance sheet as of October 31, 2025.

Inflation and Interest Rates

Inflationary pressures have impacted the entire economy, including our industry. Recent high rates of inflation, including increased fuel and food prices and the enactment of additional tariffs by the United States government, have led to a softening of consumer demand, increased promotional activity in the apparel categories we sell and higher pricing of our products. Ongoing inflation may lead to further challenges to increase our sales and may also negatively impact our cost structure and labor costs in the future.

The Federal Reserve increased interest rates several times in fiscal 2024 in response to concerns about inflation. The Federal Reserve decreased interest rates in both fiscal 2025 and fiscal 2026, however it is unclear whether the Federal Reserve will reduce, increase or maintain the current rates in the future. Higher interest rates increase the cost of our borrowing under our revolving credit facility, may increase economic uncertainty and may negatively affect consumer spending. Volatility in interest rates may adversely affect our business or our customers. If the equity and credit markets deteriorate, it may make any necessary debt or equity financing more difficult to obtain in a timely manner or on favorable terms, or at all.

Supply Chain

The global supply chain continues to be negatively impacted by various factors, including the recent reciprocal tariffs imposed across all countries and the ongoing disruptions in the Red Sea.

The imposition of tariffs by the U.S. government and certain foreign jurisdictions, along with geopolitical tensions, have created an uncertain environment for global trade. As the impact of new or increased tariffs, quotas, embargoes or other trade barriers that could impact our supply chain and cost structure is dependent on global trade negotiations, we continue to monitor these changing tariffs and trade restrictions. We source substantially all of our products from a global network of independent, third-party manufacturers, primarily located in Asia.

Conflicts in the Middle East continue to cause major disruptions to global supply chains by impacting critical shipping routes through the Suez Canal and Red Sea for cargo, adding time and cost to shipments. Although our business has not been significantly impacted by such disruptions, we have experienced shipping delays, impacting the timing of inventory receipts. These delays have not resulted in any significant losses of customer sales. We continue to monitor supply chain challenges and coordinate with our partners to divert or adjust routes and destinations accordingly to ensure timely delivery of our product.

International Conflicts

We are monitoring the direct and indirect impacts from the military conflicts in Ukraine and the Middle East. These international conflicts and the continued threat of terrorism, heightened security measures and military action in response to acts of terrorism or civil unrest have disrupted commerce and intensified concerns regarding the United States and world economies. Our sales in Russia, Ukraine and Israel are not material to our financial results. However, the imposition of additional sanctions by the United States and/or foreign governments, as well as the sanctions already in place, could lead to restrictions related to sales and our supply chain for which the financial impact is uncertain. In addition, the continuation or escalation of these international conflicts, including the potential for additional countries to declare war against each other, may lead to further, broader unfavorable macroeconomic conditions, including unfavorable foreign exchange rates, increases in fuel prices, food shortages, a weakening of the worldwide economy, lower consumer demand and volatility in financial markets. The possible effects of these international conflicts could have a material adverse effect on our business and our results of operations.

Results of Operations

Three months ended October 31, 2025 compared to three months ended October 31, 2024

Net sales for the three months ended October 31, 2025 decreased to \$988.6 million from \$1.09 billion in the same period last year. Net sales of our segments are reported before intercompany eliminations.

Net sales of our wholesale operations segment decreased to \$977.3 million for the three months ended October 31, 2025 from \$1.07 billion in the comparable period last year. We sell a broad range of products at varying price points and deliver newly designed products each year. In addition, we have certain revenues, primarily from royalty revenues, that are not based on our shipping units of product. In total, our decrease in sales was driven by a decrease in the number of units we shipped. The decrease in net sales of our wholesale operations segment was primarily the result of decreases in net sales of \$122.5 million of our Calvin Klein and Tommy Hilfiger licensed products, due in part to several expired licenses that are not part of our go-forward business, as well as in DKNY and third-party private label products. These decreases were partially offset by increases in net sales of \$33.0 million of our Karl Lagerfeld and Donna Karan products as well as our Converse and BCBG licensed products, the latter two of which launched during fiscal 2026. The increase in sales of Karl Lagerfeld products was primarily related to sportswear, men's outerwear and dress categories. The increase in sales of Donna Karan products was primarily related to sportswear and suits categories.

Net sales of our retail operations segment increased to \$45.7 million for the three months ended October 31, 2025 from \$42.3 million in the same period last year. The number of retail stores operated by us decreased from 51 at October 31, 2024 to 47 at October 31, 2025. The increase in sales in our retail operations segment was the result of increased sales through our Donna Karan website and Karl Lagerfeld Paris stores, partially offset by decreases in our DKNY store sales. Comparable store sales, which include both stores and digital channels, increased for DKNY and Karl Lagerfeld Paris compared to the same period in the prior year.

Gross profit was \$381.5 million, or 38.6% of net sales, for the three months ended October 31, 2025, compared to \$432.1 million, or 39.8% of net sales, in the same period last year. The gross profit percentage in our wholesale operations segment was 36.7% in the three months ended October 31, 2025 compared to 38.4% in the same period last year. The gross profit percentage in the current year period decreased due to the impact of tariffs. The gross profit percentage in our retail operations segment was 50.8% for the three months ended October 31, 2025 compared to 52.3% for the same period last year. The gross profit percentage in the current year period was negatively impacted by tariffs and reduced gross profit from digital sales of our G.H. Bass products. The G.H. Bass digital business will be transitioning to a licensee in the next fiscal year.

Selling, general and administrative expenses increased to \$260.4 million in the three months ended October 31, 2025 from \$259.2 million in the same period last year. Selling, general and administrative expenses of our wholesale operations segment increased to \$236.0 million from \$235.6 million in the comparable period last year. The increase in expenses was primarily due to an increase of \$4.7 million in professional fees related to a potential strategic opportunity that did not come to fruition and legal fees. This increase was offset in part primarily by a decrease of \$4.2 million in third-party warehouse and facility expenses related to lower net sales. Selling, general and administrative expenses of our retail operations segment increased to \$24.4 million from \$23.6 million in the comparable period last year.

Depreciation and amortization was \$7.2 million for the three months ended October 31, 2025 compared to \$6.6 million in the same period last year.

In the third quarter of fiscal 2026, we recorded \$1.6 million of asset impairments in our wholesale operations segment. This charge was primarily related to the write-off of assets related to an e-commerce platform that was replaced by a new platform.

Other income was \$1.4 million in the three months ended October 31, 2025 compared to other income of \$0.9 million in the same period last year. Other income in the current period consisted of \$0.8 million of income from unconsolidated affiliates compared to \$0.3 million of income from unconsolidated affiliates in the same period last year. Additionally, other income in the current period consisted of \$0.6 million of foreign currency income during the current year period compared to \$0.5 million of foreign currency income in the same period last year.

Interest and financing charges, net, for the three months ended October 31, 2025 were \$0.2 million compared to \$6.4 million in the same period last year. The decrease in interest and financing charges was primarily due to a \$3.6 million decrease in interest charges resulting from the redemption of the entire \$400 million principal amount of the Senior Secured Notes due 2025 in August 2024 and a \$1.6 million charge to interest expense from extinguished debt issuance costs upon the redemption of the Notes recognized in the prior year's third quarter.

Income tax expense was \$32.9 million for the three months ended October 31, 2025 compared to \$46.2 million for the same period last year. Our effective tax rate increased to 29.0% in the current year's quarter from 28.7% in last year's comparable quarter. The higher effective tax rate in the current year's quarter was primarily due to the impact of permanent tax adjustments on the annual effective tax rate, partially offset by the favorable tax impact of discrete items in the quarter.

Nine months ended October 31, 2025 compared to nine months ended October 31, 2024

Net sales for the nine months ended October 31, 2025 decreased to \$2.19 billion from \$2.34 billion in the same period last year. Net sales of our segments are reported before intercompany eliminations.

Net sales of our wholesale operations segment decreased to \$2.13 billion for the nine months ended October 31, 2025 from \$2.28 billion in the comparable period last year. We sell a broad range of products at varying price points and deliver newly designed products each year. In addition, we have certain revenues, primarily from royalty revenues, that are not based on our shipping units of product. In total, our decrease in sales was driven by a decrease in the number of units we shipped. The decrease in net sales of our wholesale operations segment was primarily the result of decreases in net sales of \$209.4 million of our Calvin Klein and Tommy Hilfiger licensed products, due in part to several expired licenses that are not part of our go-forward business, as well as in third-party private label products. These decreases were partially offset by increases in net sales of \$58.6 million of our Karl Lagerfeld, DKNY and Donna Karan products. The increase in sales of Karl Lagerfeld products was primarily related to sportswear, shoes and men's outerwear categories. The increase in sales of DKNY products was primarily related to outerwear, jeanswear and performance categories. The increase in sales of Donna Karan products was primarily related to the dress, handbags and sportswear categories.

Net sales of our retail operations segment increased to \$123.1 million for the nine months ended October 31, 2025 from \$110.1 million in the same period last year. The number of retail stores operated by us decreased from 51 at October 31, 2024 to 47 at October 31, 2025. The increase in sales in our retail operations segment was the result of increased sales through our Donna Karan website and Karl Lagerfeld Paris stores, partially offset by decreases in our DKNY store sales. Comparable store sales, which include both stores and digital channels, increased for DKNY and Karl Lagerfeld Paris compared to the same period in the prior year.

Gross profit was \$878.5 million, or 40.2% of net sales, for the nine months ended October 31, 2025, compared to \$966.9 million, or 41.3% of net sales, in the same period last year. The gross profit percentage in our wholesale operations segment was 38.3% in the nine months ended October 31, 2025 compared to 39.8% in the same period last year. The gross profit percentage in the current period decreased primarily due to the impact of tariffs. The gross profit percentage in our retail operations segment was 52.1% for the nine months ended October 31, 2025 compared to 51.1% for the same period last year. The gross profit percentage in the current period was positively impacted from an improved product assortment as well as increased digital sales of our Donna Karan products which have higher average unit retail prices.

Selling, general and administrative expenses decreased to \$718.8 million in the nine months ended October 31, 2025 from \$724.9 million in the same period last year. Selling, general and administrative expenses of our wholesale operations segment decreased to \$651.7 million from \$658.6 million in the comparable period last year. The decrease in expenses was primarily due to decreases of (i) \$12.9 million in compensation expenses, primarily due to a decrease in bonus expense accruals and (ii) \$8.5 million in advertising expenses, primarily due to the relaunch of the Donna Karan brand and higher spending on the DKNY brand in the prior year's period and reduced royalty advertising expenses resulting from lower net sales of licensed product in the current period. These decreases were offset in part by increases of (i) \$8.4 million in professional fees related to consulting fees related to new technologies, a potential strategic opportunity that did not come to fruition and legal fees and (ii) \$3.3 million in bad debt expense primarily related to allowances recorded against the outstanding receivables of certain customers due to bankruptcy, including Hudson's Bay Company. Selling, general and administrative expenses of our retail operations segment increased to \$67.1 million from \$66.2 million in the comparable period last year.

Depreciation and amortization was \$21.1 million for the nine months ended October 31, 2025 compared to \$20.7 million in the same period last year.

In fiscal 2026, we recorded \$1.6 million of asset impairments in our wholesale operations segment. This charge was primarily related to the write-off of assets related to an e-commerce platform that was replaced by a new platform.

Other income was \$4.2 million in the nine months ended October 31, 2025 compared to other loss of \$2.2 million in the same period last year. Other income in the current period consisted of \$3.8 million of foreign currency income during the current year period compared to \$0.2 million of foreign currency loss in the same period last year. Additionally, other income in the current period consisted of \$0.4 million of income from unconsolidated affiliates during the current period compared to \$2.8 million of losses from unconsolidated affiliates in the same period last year.

Interest and financing charges, net, for the nine months ended October 31, 2025 were \$0.4 million compared to \$16.7 million in the same period last year. The decrease in interest and financing charges was primarily due to a \$19.3 million decrease in interest charges resulting from the redemption of the entire \$400 million principal amount of the Senior Secured Notes due 2025 in August 2024 and a \$1.6 million charge to interest expense from extinguished debt issuance costs upon the redemption of the Notes recognized in the prior period last year. These decreases were partially offset by a \$7.7 million decrease in investment income from having a larger cash position in the prior year's period compared to the current period.

Income tax expense was \$41.6 million for the nine months ended October 31, 2025 compared to \$57.9 million for the same period last year. Our effective tax rate increased to 29.5% in the current year's period from 28.6% in last year's comparable period. The higher effective tax rate in the current year period was primarily due to the impact of permanent tax adjustments on the annual effective tax rate.

Liquidity and Capital Resources

Cash Availability

We rely on our cash flows generated from operations, cash and cash equivalents and the borrowing capacity under our revolving credit facility to meet the cash requirements of our business. The cash requirements of our business are primarily related to the seasonal buildup in inventories, compensation paid to employees, occupancy, payments to vendors in the normal course of business, capital expenditures, interest payments on debt obligations, payments of cash dividends to stockholders and income tax payments. We have also used cash to repurchase our shares and make strategic investments.

As of October 31, 2025, we had cash and cash equivalents of \$184.1 million and availability under our revolving credit facility of approximately \$700 million. As of October 31, 2025, we were in compliance with all covenants under our revolving credit facility. On December 4, 2025, our Board of Directors declared a cash dividend of \$0.10 per share. The dividend will be paid on December 29, 2025 to all stockholders of record as of December 15, 2025.

Senior Secured Notes

In August 2024, we used cash on hand and borrowings from our revolving credit facility to voluntarily redeem the entire \$400.0 million principal amount of the Notes at a redemption price equal to 100% of the principal amount of the Notes plus accrued and unpaid interest. At the date of redemption, we had unamortized debt issuance costs of \$1.6 million associated with the Notes. These debt issuance costs were fully extinguished and charged to interest expense in our results of operations.

Third Amended and Restated ABL Credit Agreement

On June 4, 2024, our subsidiaries, G-III Leather Fashions, Inc., Riviera Sun, Inc., AM Retail Group, Inc. and The Donna Karan Company Store LLC (collectively, the "Borrowers"), entered into the third amended and restated credit agreement (the "Third ABL Credit Agreement") with the lenders named therein and with JPMorgan Chase Bank, N.A., as administrative agent. The Third ABL Credit Agreement is a five-year senior secured asset-based revolving credit facility providing for borrowings in an aggregate principal amount of up to \$700.0 million. We and certain of our wholly-owned domestic subsidiaries, as well as G-III Apparel Canada ULC (collectively, the "Guarantors"), are guarantors under the Third ABL Credit Agreement.

The Third ABL Credit Agreement amends and restates the Second Amended Credit Agreement, dated as of August 7, 2020 (as amended, supplemented or otherwise modified from time to time prior to June 4, 2024, the “Second Credit Agreement”), by and among the Borrowers and the Guarantors, the lenders from time-to-time party thereto, and JPMorgan Chase Bank, N.A., in its capacity as the administrative agent thereunder. The Second Credit Agreement provided for borrowings of up to \$650 million and was due to expire on August 7, 2025. The Third ABL Credit Agreement extends the maturity date to June 2029, subject to a springing maturity date as defined within the credit agreement.

Amounts available under the Third ABL Credit Agreement are subject to borrowing base formulas and overadvances as specified in the Third ABL Credit Agreement. Borrowings bear interest, at the Borrowers’ option, at Adjusted Term Secured Overnight Financing Rate (“SOFR”) plus a margin of 1.50% to 2.00%, or the alternate base rate plus a margin of 0.50% to 1.00% (defined as the greatest of (i) the “prime rate” of JPMorgan Chase Bank, N.A. from time to time, (ii) the federal funds rate plus 0.5% and (iii) SOFR for a borrowing with an interest period of one month plus 1.00%), with the applicable margin determined based on the Borrowers’ average daily availability under the Third ABL Credit Agreement. The Third ABL Credit Agreement is secured by specified assets of the Borrowers and the Guarantors. As of October 31, 2025, interest under the Third ABL Credit Agreement was being paid at an average rate of 7.98% per annum.

The Third ABL Credit Agreement is secured by specified assets of the Borrowers and the Guarantors. In addition to paying interest on any outstanding borrowings under the Third ABL Credit Agreement, we are required to pay a commitment fee to the lenders under the credit agreement with respect to the unutilized commitments. The commitment fee accrues at a tiered rate equal to 0.375% per annum on the average daily amount of the available commitments when the average usage is less than 50% of the total available commitments and decreases to 0.25% per annum on the average daily amount of the available commitments when the average usage is greater than or equal to 50% of the total available commitments.

The Third ABL Credit Agreement contains covenants that, among other things, restricts our ability to, subject to specified exceptions, incur additional debt; incur liens; sell or dispose of certain assets; merge with other companies; liquidate or dissolve the Company; acquire other companies; make loans, advances, or guarantees; and make certain investments. In certain circumstances, the revolving credit facility also requires us to maintain a fixed charge coverage ratio, as defined in the agreement, not less than 1.00 to 1.00 for each period of twelve consecutive fiscal months. As of October 31, 2025, we were in compliance with these covenants.

As of October 31, 2025, we had no borrowings outstanding under the Third ABL Credit Agreement. The Third ABL Credit Agreement also includes amounts available for letters of credit. As of October 31, 2025, there were no outstanding trade letters of credit and \$2.4 million of standby letters of credit.

We have a total of \$5.6 million debt issuance costs related to our Third ABL Credit Agreement. As permitted under ASC 835, the debt issuance costs have been deferred and are presented as an asset which is amortized ratably over the term of the Third ABL Credit Agreement. Total debt issuance costs, net of amortization, were \$4.5 million, \$5.2 million and \$5.4 million as of October 31, 2025, October 31, 2024 and January 31, 2025, respectively.

Unsecured Loans

Several of the Company’s foreign entities borrow funds under various unsecured loans to provide funding for operations in the normal course of business. In the aggregate, the Company is currently required to make quarterly installment payments of principal in the amount of €0.8 million under these loans. Interest on the outstanding principal amount of the loans accrues at a fixed rate equal to 0% to 5.0% per annum, payable on either a quarterly or monthly basis. As of October 31, 2025, the Company had an aggregate outstanding balance of €3.9 million (\$4.6 million) under these unsecured loans.

Overdraft Facilities

Certain of our foreign entities entered into overdraft facilities that allow for applicable bank accounts to be in a negative position up to a certain maximum overdraft. These uncommitted overdraft facilities with HSBC Bank allow for an aggregate maximum overdraft of €10 million. Interest on drawn balances accrues at a rate equal to the EURIBOR plus a margin of 1.75% per annum, payable quarterly. The facility may be cancelled at any time by us or HSBC Bank. Certain of our foreign entities have also entered into overdraft facilities with UBS Bank in Switzerland for an aggregate of CHF

4.7 million at varying interest rates of 0% to 0.5%. As of October 31, 2025, the Company had no borrowings outstanding under these various facilities.

Foreign Credit Facilities

KLH has a credit agreement with ABN AMRO Bank N.V. with a credit limit of €15.0 million which is secured by specified assets of KLH. Borrowings bear interest at the EURIBOR plus a margin of 1.7%. A subsidiary of Vilebrequin has a credit agreement with CIC Bank with a credit limit of €5.0 million. Borrowings bear interest at the Euro Short-Term Rate plus a margin of 1.75%. As of October 31, 2025, we had an aggregate balance of €5.1 million (\$6.0 million) in borrowings outstanding under these credit facilities.

Outstanding Borrowings

Our primary operating cash requirements are to fund our seasonal buildup in inventories and accounts receivable, primarily during the second and third fiscal quarters each year. The primary sources to meet our operating cash requirements have been borrowings under the revolving credit facility and cash generated from operations.

We had no borrowings outstanding under our Third ABL Credit Agreement at October 31, 2025. We had \$210.1 million in borrowings outstanding under our Third ABL Credit Agreement at October 31, 2024. We redeemed the entire \$400 million principal amount of the Notes in August 2024. Our contingent liability under open letters of credit was approximately \$2.4 million and \$9.0 million at October 31, 2025 and 2024, respectively. We had an aggregate of €3.9 million (\$4.6 million) and €6.0 million (\$7.3 million) outstanding under our various unsecured loans as of October 31, 2025 and 2024, respectively. We had no borrowings outstanding under our overdraft facilities as of October 31, 2025. We had €4.1 million (\$4.6 million) outstanding under our overdraft facilities as of October 31, 2024. We had €5.1 million (\$6.0 million) and €2.0 million (\$2.2 million) outstanding under our foreign credit facilities as of October 31, 2025 and 2024, respectively.

Supply Chain Finance Program

We have a voluntary supply chain finance program (the “SCF Program”) administered through a third-party platform. Our payment obligations confirmed under the SCF Program are due to a financial intermediary that will remit payment to our suppliers. The SCF Program also provides participating suppliers with the option to sell their receivables due from us, at their sole discretion, to a third-party financial institution at terms negotiated between the supplier and the financial institution. We are not a party to the agreements between the suppliers and the financial institution and have no economic interest in a supplier’s decision to sell a receivable. Our payment obligations to our suppliers, including the amounts due and payment terms, which generally do not exceed 75 days, are not impacted by a suppliers’ participation in the SCF Program. See Note 8 – “Supply Chain Finance Program” in the Notes to Condensed Consolidated Financial Statements for further discussion of the SCF Program.

Share Repurchase Program

In August 2023, our Board of Directors authorized an increase in the number of shares covered by our share repurchase program to an aggregate amount of 10,000,000 shares. Pursuant to this program, during the nine months ended October 31, 2025, we acquired 2,158,276 of our shares of common stock for an aggregate purchase price of \$49.8 million, excluding excise tax. The timing and actual number of shares repurchased, if any, will depend on a number of factors, including market conditions and prevailing stock prices, and are subject to compliance with certain covenants contained in our loan agreement. Share repurchases may take place on the open market, in privately negotiated transactions or by other means, and would be made in accordance with applicable securities laws. As of October 31, 2025, we had remaining 5,631,892 shares that are authorized for purchase under this program. As of December 3, 2025, we had 42,189,287 shares of common stock outstanding.

Cash from Operating Activities

We generated \$71.6 million in cash from operating activities during the nine months ended October 31, 2025, primarily as a result of our net income of \$99.3 million and increases of \$108.7 million in accounts payable and accrued expenses

and \$17.5 million in income taxes payable, net. We also generated cash from operating activities as a result of non-cash charges relating primarily to depreciation and amortization of \$21.1 million and share-based compensation of \$17.0 million. These items were offset, in part, by increases of \$147.0 million in accounts receivable and \$69.0 million in inventories.

The changes in operating cash flow items are consistent with our seasonal pattern of higher sales and building up inventory for the fall shipping season resulting in the increases in accounts receivable, inventory and accounts payable. The fall shipping season begins during the latter half of our second fiscal quarter. The increase in accounts receivable during the nine months ended October 31, 2025 was less than the increase in accounts receivable during the nine months ended October 31, 2024 as a result of a decline in net sales and an increase in collections of receivables in the current year period.

Cash from Investing Activities

We used \$28.3 million of cash in investing activities during the nine months ended October 31, 2025. We had \$27.5 million in capital expenditures primarily related to leasehold improvement and computer software expenditures.

Cash from Financing Activities

Net cash used by financing activities was \$51.2 million during the nine months ended October 31, 2025 primarily as a result of \$49.8 million of cash used to repurchase 2,158,276 shares of our common stock under our share repurchase program, excluding excise tax, and \$5.0 million for taxes paid in connection with net share settlements of stock grants that vested. These items were offset, in part, by net proceeds of \$3.5 million under our various foreign facilities.

Critical Accounting Policies

Our discussion of results of operations and financial condition relies on our consolidated financial statements that are prepared based on certain critical accounting policies that require management to make judgments and estimates that are subject to varying degrees of uncertainty. We believe that investors need to be aware of these policies and how they impact our financial statements as a whole, as well as our related discussion and analysis presented herein. While we believe that these accounting policies are based on sound measurement criteria, actual future events can, and often do, result in outcomes that can be materially different from these estimates or forecasts.

The accounting policies and related estimates described in our Annual Report on Form 10-K for the year ended January 31, 2025 are those that depend most heavily on these judgments and estimates. As of October 31, 2025, there have been no material changes to our critical accounting policies.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

There are no material changes to the disclosure made with respect to these matters in our Annual Report on Form 10-K for the year ended January 31, 2025.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are designed only to provide “reasonable assurance” that the controls and procedures will meet their objectives. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our Company have been detected.

As of the end of the period covered by this report, our management, including our Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the

“Exchange Act”). Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, because of a material weakness in the Company’s internal control over financial reporting as described below, our disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is (i) recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms and (ii) accumulated and communicated to our management, including our principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure, were not effective in making known to them material information relating to G-III required to be included in this report.

Material Weakness in Internal Control

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of a company’s annual and interim financial statements will not be detected or prevented on a timely basis.

Within the KLH subsidiary, which represented approximately 8.2% of the total net sales of the Company for fiscal 2025, the Company identified a material weakness in the operating effectiveness of controls related to information technology general controls (“ITGCs”) over business applications that support the Company’s financial reporting processes. Automated and manual business process controls that are dependent on the affected ITGCs were also deemed ineffective because they rely upon information and configurations from the affected IT systems.

We concluded that the material weakness did not result in any material misstatements in our financial statements or disclosures in the current year. Based on additional procedures and post-closing review, management concluded that the consolidated financial statements included in this Quarterly Report on Form 10-Q present fairly, in all material respects, our financial position, results of operations, and cash flows for the periods presented in conformity with accounting principles generally accepted in the United States.

Remediation Measures

Management, with oversight from the Audit Committee of the Board of Directors, is performing remedial actions and has developed a full plan designed to remediate these deficiencies. This plan includes, among other items, additional risk assessment procedures over information technology, enhancements to controls, and additional training related to the operational effectiveness of control procedures. These deficiencies will not be considered remediated until the remediation plan is complete, and controls have been operational for a sufficient period of time and successfully tested.

Changes in Internal Control over Financial Reporting

Other than the material weakness described above, there were no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter ended October 31, 2025 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1A. Risk Factors.

In addition to the other information set forth in this Quarterly Report, you should carefully consider the risk factors contained in “Item 1A. Risk Factors” in our Annual Report on Form 10-K for the year ended January 31, 2025 (the “Annual Report”), which could materially affect our business, financial condition and/or future results. As of October 31, 2025, there have been no material changes in our risk factors from those set forth in the Annual Report. The risks described in the Annual Report are not the only risks facing our company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or future results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

The following table provides information with respect to the Company’s common stock that the Company repurchased during the three months ended October 31, 2025. Included in this table are shares withheld during the three months ended October 31, 2025 to satisfy tax withholding requirements in connection with stock awards.

Date Purchased	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share ⁽¹⁾	Total Number of Share Purchased as Part of Publicly Announced Program ⁽²⁾	Maximum Number of Shares that may yet be Purchased Under the Program ⁽²⁾
August 1 - August 31, 2025	—	\$ —	—	5,841,743
September 1 - September 30, 2025	—	—	—	5,841,743
October 1 - October 31, 2025	210,849	25.86	209,851	5,631,892
	210,849	\$ 25.86	209,851	5,631,892

(1) Included in this table are 998 shares withheld during October 2025 in connection with the settlement of vested restricted stock units to satisfy tax withholding requirements. Our 2015 Long-Term Incentive Plan provides that shares withheld are valued at the closing price per share on the date withheld.

(2) In August 2023, our Board of Directors reapproved our previously authorized share repurchase program and increased the number of shares remaining under that program to 10,000,000 shares. This program has no expiration date. Repurchases under the program may be made from time to time through open market purchases, accelerated share repurchase programs, privately negotiated transactions or other methods, as we deem appropriate.

Item 5. Other Information

During the three months ended October 31, 2025, no director or officer of the Company adopted or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement,” as each term is defined in Item 408(a) of Regulation S-K.

Exhibit 31.1

CERTIFICATION PURSUANT TO RULE 13a - 14(a) OR RULE 15d - 14(a) OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED

I, Morris Goldfarb, certify that:

1. I have reviewed this quarterly report on Form 10-Q of G-III Apparel Group, Ltd.
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report.
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report.
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
